The Cincinnati Heat Premier is a non-profit basketball academy serving greater Cincinnati. The Heat development program stresses fundamental basketball skills: our mission is improving each athlete's overall basketball IQ, athleticism, discipline, and skill level. We serve community schools emphasizing an athlete's loyalty and commitment to her respective school team. **The dedicated head coaching staff is comprised of qualified professional, collegian, high school, junior high, and youth coaches. All teams receive basketball skill training in addition to practice sessions.** Team practice sessions begin after team selections and end with AAU Nationals, or College Evaluation period closure. Practices held at locations close to I-275. The Heat teams' practice, scrimmage, play in tournaments, and some play in leagues. We expect high character, talented, dedicated, & hard-working players with good attitudes, whose desire to get better equals their love for the game.
